- ☒ Published on Applicant's Website (Enter date in mm/dd/yyyy format) [03/01/2010]
- ☒ Published in Newspaper

- ☐ Public Meeting(s) Hearing(s) Held

B. Public Comments

The Forest provided the following opportunities for public involvement: 1) wrote a news release and sent to seven newspapers and two radio stations. The release was published in two newspapers. 2) Copies of all three Forest grant applications (A-12, Humbug, Law Enforcement) were available at the Gooseneck Ranger District and Supervisors Office front desks for public review. 3) The news release was published on the Forest web page on 3/1/10. 4) Two verbal discussions with the Siskiyou County Off Road Riders club president.

Humbug OHV Area: The Forest received seven public comment letters specific to G09-02-06-P01 Humbug OHV planning grant ; in general four were supportive and three were opposed. Two commentors with the Recreation Outdoor Coalition support the opening of a new area in need of management before use and resource damage get out of control. They also support the collaboration between the Forest, County, and public. The Siskiyou County Off Road Riders club supports the planning request. One commentor opposes the use of public land to accomodate a small segment of society and is concerned about sound spreading outside of area. Another commentor opposes giving State funding to a federal agency to close public land. Another commentor noted conflicting language used in the grant application and the Forest's recent FEIS for Motorized Travel Management.

Juniper Flat: Three comments specific to G09-02-06-P02 Juniper Flat OHV planning grant were received and all were supportive.

The Recreation Outdoors Coalition commend the Klamath National Forest efforts in collaboration, thought the area was in a perfect location for a OHV area and that the grant application was an excellent example of how greensticker funds should be used to enhance OHV opportunities. The Mt. Shasta Vista Property Owners Assn., the adacent property owners association, supports the grant and working with the Siskiyou County Off Road Riders, believes the planning grant effort will better control unwanted riding behavior and protect the surrounding environment than if the off-road use remains unmanaged. Also the Forest Service has identified several of their concerns as topics of further evaluation that will be addressed if the application is funded.

Siskiyou County Off-Road Riders supports the grant application, but has a concern that the Klamath N.F. Travel Management EIS eliminates 15 miles of riding trails due to cultural resource concerns.

C. Application Development as a result of Public Comments

- a. Were changes made to the Application as a result of public comments? (Please select ☒ Yes ☐ No Yes or No)
- b. Describe how public comments affected the Application

Humbug OHV Area Planning portion was revised based on information received from Siskiyou County Off Road Riders - membership was revised to 168 members. Based on comments from Klamath-Siskiyou Wildlands Center, "recently designated OHV trails" was revised to "proposed OHV trails" and "if the site were developed, use from out-of-the-area visitors would increase" was deleted to maintain consistency with our recently published Final EIS.

Juniper Flat OHV Area Planning portion was modified to address Siskiyou County Off Road Riders concerns with elimination of trail opportunities in Klamath N.F. Travel Management EIS within the area due to Cultural resource concerns. The application was change included the evaluation of these sites to determine eligibility. Trails will be included into the trail system if determined not to be eligible in concurrence with California SHPO.
